

**Christmas Colloquium** 

Jointly organised by SFB 1361, SFB 1551, GenEvo, 4R-RTG

## Prof. Hanna Kokko

Johannes Gutenberg University Mainz

## "The tension between diversity and generalizability is what makes biology so cool"

## 13 December 2023, 16:00 (s.t.)

Venue: Seminar Room, IMB Ackermannweg 4, 55128 Mainz

After the presentation, we invite you to stay for a light festive dinner and some Glühwein, and a wonderful time networking with great company.
